Hi Brian,

Happy last day of school! The Community Room is in use during the morning but should be free after 12:00. You will need an HDMI cable to hook into the system, but we have speakers in the ceiling for audio. Your contact tomorrow will be Lesa Zuke. If she happens to be at lunch when you come by, you can also check in with Mark Hatfield. Let me know if there is anything else you need.

Good luck with the festival!

[EXTERNAL EMAIL]

Hi Mindy,

Does anyone have the room reserved before us, so before 2:00PM? I'd just like to give myself more time than half an hour to run through the technology and set up chairs and a table for the judges.

As far as the technology, do I need to bring HDMI cables and speakers, or do you have all that stuff.

Thanks for all your help with this!

Hi Mindy,

You should have been a copy writer, it sounds great!

The only thing I'd change is the first sentence:

Learn more about how humans impact biodiversity at the 2nd annual Human Impact Film Festival.

Otherwise it is perfect.

No worries! How does this sound for a blurb:

Learn more about how humans impact biodiversity at the first annual Human Impact Film Festival. Featuring the top films created by the 2022 and 2023 10th grade biology students at Catocin High School, the festival concludes with an awards ceremony honoring the top three.

[EXTERNAL EMAIL]

Hi Mindy,

Sorry it has taken so long to get back to you, the end of the year is always crazy!

As far as help setting-up, I'll just need chairs and a few tables for the judges and refreshments. I'd like to come down one day and do a trial run of all the tech (video and sound) so that way everything runs smoothly day of.

-Assignment: Students research a topic related to how humans impact biodiversity and propose solutions for how to mitigate our impacts. Topics include (habitat loss, invasive species, pollution, climate change, overpopulation, overharvesting)

-Completed by 10th Grade Biology Students

-The film festival will show the top films from this school year and last year and include an awards ceremony for the top 3 films

-The public event is from 2:30-4:15

Thanks so much for all the help!

Hi Brian,

I wanted to follow up about the film festival and see if there is any thing we can do to help with planning. Also, if you are able to send me some more information-- what the assignment was, who completed it, what is going to happen at the film festival, the time of the public event, etc.-- I can include it in our June calendar.

Thanks-- hope things are going well as the school year winds down!
