Hi Ms. Bainbridge,

Thank you for reaching out. I apologize for such a delay in my response. I assume this is being received after the event has already taken place; however, I did want to let you know that if there are any other events similar to the one you presented in the future, we could absolutely see what our options are. We can't always guarantee that a representative would be able to come down and speak at your school, but we do try our best to work things out.

Again, I do apologize for such a delay in my response, and hope that we can fulfill this request for you again if the opportunity presents itself.

Warmest Regards,

Hello,

Yes, the kits were delivered, and I plan on implementing/ presenting them sometime in early December. I would like to have a Go Green Day for my students- holding a bit of an assembly around sustainable

energy. Would you guys be able to come to that type of event and speak with the kids about the kits?
