Good Morning Teachers and Staff:

Important recycling updates from the city and our school program:

1. No film plastic in the recycle: Due to the one sort recycling process film plastic jams the gears and creates many issues
2. **Boxes must be broken down!** The city will not collect boxes that are not broken down unless they are holding more recyclables. In our school, broken down cardboard boxes can be stacked on or below the table at the end of the kindergarten hallway. *Please DO NOT leave a pile of cardboard boxes for someone else to break down.*
3. Please take a moment to remind your students that the recycling can, should not have any food waste wrappers.

Thank you very much for helping us continue our recycling program at CCB
