Subject: CCB Lighting Project

Greetings from CCB!

On behalf of our school, we would like to thank you for your collaboration during the lighting project at our school. As the sustainability and green school advocate at our school I would like to work more with our students and staff in the understanding of why we have these new lights in the building. If you would be able to send me any type of energy savings data, I would greatly appreciate it.

Thank you

Shana Bainbridge
