It was so nice talking with you today! We are looking forward to your visit with our 3rd grade students in May. Here is the information you requested:

Grades for the presentation(s): 3rd Grade

of Kids in each presentation: 73 Students

School: Edgewater Elementary School

Date: May 23rd @1:30pm - 2:15pm

Tech (What Tech will we have available during the presentation): Presentation will be in the Cafeteria. A computer, projector, etc. will be available.

Thank you for being a community partner who supports our on-going efforts to be a green school!

Lila Mastroberti

First Grade Teacher

Edgewater Elementary School

The Anne Arundel County Recycling Center partners with our third grade teachers to visit and inform students of the history of our county landfill and the importance of expanding its life expectancy, the recycling process in the county, how to recycle at home and at school, the importance and benefits of recycling, and the recycling programs that are offered at our county recycling centers.
