Hello Dr. Scott and Ms. Gillespie,

Thank you for the email. I am going to loop in the Green Team Sponsors to see if they are interested (and with the absence of Ms. Patterson being on leave).

Ms. Peterkin and Mrs. Thomas, would you have interest? (see below)

Please let me know and I will support with the next steps.

Thank you again.

Principal Clement,

Please let me know if you might be interested in working with Mrs. Sara Gillespie, PGCPS Recycling Technician, to complete a waste audit. I have cc'd her on this email. I have worked with Ms. Patterson in the past, but believe she is on an extended leave at this time. Please provide the name of a teacher who can assist if you are interested.

Forwarded message from Sara with additional information.

We have a potential opportunity to do a school waste audit at a middle school this school year with an outside organization conducting the waste audit outside on the school grounds for approximately 4 hours to investigate breakfast and lunch waste, specifically the types of materials and quantity of waste. We could also organize to have students (and staff) come out and observe and learn about the process and why we are doing the audit.

Right now I am looking for schools that would want to participate and work with us to complete the waste audit before the end of the school year (June 8-10, or possibly June 13-16).

The school would need to:

Confirm they would like to participate and have Principal support to do so
coordinate with me to identify a date and time for the waste audit (this will vary depending on the timing of lunch periods at the school)

identify a location for the setup and sorting of the audit (outside)

collect and save all waste from breakfast, and from lunch (keep breakfast waste separate from lunch waste), then bring it outside to the sorters

inform the school about the audit and we can stagger times for classes to come out and observe

I am happy to answer any questions and discuss further with you and/or the school, including ideas for incorporating the waste audit into future school actions/goals or potential student projects.

Regards,
Sara Gillespie

Wonderful!

Perhaps we should set up a time to talk about additional details of the audit? Is there a time tomorrow (Tues) that works for everyone?

Also, we would need to do the audit next week, ideally on the 14th.

Please let me know what time works best to discuss further.

Cheers,

Sara Gillespie

Hello Ms. Gillespie,

I will lean on the team where Mrs. Thomas and Ms. Peterkin have planning during the same time which may be 1:15-2:15 time period.

Ms. Peterkin and Mrs. Thomas, do you have a 4th mod time/date that works well for you both?
