I wanted to take a moment to thank all of you for your help collecting the breakfast leftovers. We saved soooo many apples from the trash that will feed all kinds of animals!

I was thinking it would be easiest for kids to just bring the bin down to the cafeteria at lunch and then take it back to class with them afterward. However, if it works better for you to send the bin down after breakfast that's fine too. There is a blue tub in the doorway leading into the cafeteria labeled "breakfast bin" Please have students dump their bin into the tub and take it back with them. I don't want the bins left in the cafeteria.

Also, it's just not feasible for me to rinse out 42 bins everyday. If you are unable to rinse your bin please designate a student to help. We like them to be as involved in these efforts as possible anyway!

Again, thank you all. We are making a huge difference here!!
