COLLEAGUES - the SULTANA field trips are just around the corner, and we are FIRED UP to have your students come visit us in Chestertown for a fun-filled day of learning and adventure. **I'm reaching out to you this afternoon to provide direct links to some short (3 - 5 min) videos and written curriculum aids that can be very helpful in preparing the kids for their time with us.** Here we go;

FOR THE SULTANA TRIP:

- History of Sultana: <https://sultanaclassroom.org/02history-of-the-schooner-sultana/>
- Living Quarters: <https://sultanaclassroom.org/07daily-life-aboard-sultana/>
- Navigation: Lead Line: <https://sultanaclassroom.org/14navigation-lead-line/>
- Food: <https://sultanaclassroom.org/08food/>
- Medical Tools: <https://sultanaclassroom.org/08medical-tools/>
- African American Sailors: <https://sultanaclassroom.org/11african-american-sailors-in-the-18th-century/>

FOR THE LAND-BASED ACTIVITIES AT THE HOLT EDUCATION CENTER:

- Fish Anatomy: <https://sultanaclassroom.org/13fish-anatomy-blue-gill/>
- Native Americans - John White Fishing Scene: <https://sultanaclassroom.org/09john-white-painting-the-manner-of-their-fishing/>
- Native Americans - Projectile Points: <https://sultanaclassroom.org/15projectile-points/>

**Even if the students only watch a couple of these, it can make a BIG difference in their preparedness for this field trip.** Also, these videos (and written materials) can also be used AFTER visiting Sultana to extend or reinforce learning that took place during the field trip.

Please don't hesitate to contact me directly if you have any questions and we look forward to working with all of you in April!
