

We are applying to become a Green School!

What is the Green Schools Program?

The Maryland Green Schools Award Program recognizes Maryland schools that include environmental education in the curricula, model best management practices at the school and address community environmental issues.

The Program's goals are to enrich education by integrating hands-on, inquiry-based instruction, to empower youth to practically apply knowledge at school, home, and in their communities to reduce environmental impact and encourage sustainable practices.

Green School Objectives

- Environmental issue instruction
- Professional development
- School-wide environmental behavior changes
- Celebration of green practices
- Water conservation & pollution prevention
- Energy conservation
- Solid waste reduction
- Habitat restoration
- Structures for environmental learning
- Responsible transportation & reduced emissions
- Healthy home and school environments
- Citizen/Community Science
- Community partnerships

This is a collaborative effort!

If you have any evidence or documentation of sustainability-related activities, please add them to the [Green Schools Documents Folder](#) or email them to me.

Lights Out Day - February 2

The whole school will turn off lights and unplug devices on February 2nd.
