

## **Tuesday, April 22**

Hi, My name is \_\_\_\_\_ and I am here to share some information about Earth Day and Service Week. Did you know that today, April 22nd, is “Earth Day?” Earth Day is an annual event on April 22 to demonstrate support for environmental protection. Earth Day was first held on April 22, 1970. The theme for this year is “Our Power, Our Planet.” This week at PPPCS, we will be sharing facts and tips to help keep our planet healthy. All grades will also be participating in service learning activities this week like planting flowers, cleaning up the park, assisting at food banks and participating in supply drives.

## **Wednesday, April 23**

Hi, My name is \_\_\_\_\_ and I am from \_\_\_\_ grade. I am here to share tips and facts about how to keep our planet healthy and green,.

Did you know? The average American produces more than four pounds of garbage per day. Over the course of a year, that is more than 1,600 pounds of garbage per person!!! That’s why it’s important for us to REUSE, REDUCE, RECYCLE.

Also, please remember that we are having a bulletin board and door decorating contest for Earth Day! Please have them completed by the 28th.

## **Thursday, April 24, 2025**

Hi, My name is \_\_\_\_\_ and I am from \_\_\_\_ grade. I am here to share another tip about how to keep our planet healthy and green,.

Today we are going to talk about saving water. Water is wasted more frequently than we can see. Turn off the faucet as you brush your teeth. Limit your water usage as you wash dishes. Make sure that none of your faucets are dripping. This will help to conserve water.

It’s been great seeing all the service projects this week. Don’t forget to share your pictures!

## **Friday , April 25, 2024**

Hi, My name is \_\_\_\_\_ and I am from \_\_\_\_ grade. I am here to share another tip and fact about how to keep our planet healthy and green,.

Did you know that litter is one of the main causes of pollution? Littering is the improper disposal of trash or waste. While it can happen by mistake, littering continues to be largely a deliberate act. Most people litter because of laziness or because there isn't a trash can around. People also litter more in areas that already have trash. Let's make sure PPPCS and our neighborhood stay clean by always putting our trash in the proper place.
