Principal Abreu,

At our last student council meeting we voted the request for picnic tables in the breezeway. You mentioned at one of the meetings that there was a possibility of us eating outside. We propose an open lunch policy where students can eat inside in the Parish Hall or outside at the picnic tables. We understand this is one more place for the janitors to clean, but think students could take turns being responsible for cleaning the food on the floor.

We think there are many positives to eating outside. Students would enjoy the fresh air and enjoying nature. At this time we only go outside for recess and PE. The student council also discussed fundraising to help with the cost of the tables. I believe we could have bake sales and other fundraisers to help with the cost of the tables.

Thank you for taking the time to read over our proposal.

Saint Peter's School Student Council
