

Sandy Spring Friends School | Green Schools Application | Objective 1.1

GRADE	Grade 5
STUDENT COUNT	23
CLASS	Science
DATE	May 30, 2025
LESSON	Field Trip to Seneca Creek State Park
TEACHER	Sharon Bradford

Lesson Description:

Fifth grade students participated in an Outdoor Education field experience at Seneca Creek State Park, where they hiked local trails and engaged in fishing as a way to study aquatic ecosystems. Through guided exploration, students observed habitat conditions, discussed native species, and considered how water quality and human impact affect wildlife. The trip provided hands-on, environment-based learning in a real-world setting.
