ACTION 3

Sustainable Practice:

2.3 Solid Waste Reduction

Description:

As their senior class gift, the Class of 2025 approved the creation of a comprehensive digital archive of school yearbooks. While print copies remain part of the school's tradition, the addition of a permanent digital archive significantly reduces the need for reprints, duplicate copies, and physical storage over time. By digitizing past and future volumes, the Class of 2025 helped ensure that alumni, students, and community members can access archival content without requiring additional physical production.
